NOTE

A favorite in ancient Greek and Roman mythology, the regal unicorn resembles a horse with a single horn on its forehead. This enchanting creature has inspired many charming tales and legends that are known worldwide. With these imaginative stained glass designs, you will be transported back in time to the magic realm of mystical unicorns.

The 16 unicorn designs in this book are printed on special translucent paper, which, when colored and hung in a window, will produce an effect similar to stained glass. Color the pictures with crayons, felt-tip pens, acrylics, watercolors, tempera, or even oil paints. Get interesting results by mixing the media. Color one side of the picture, or both. By using a different color on each side, you will create rich hues. If you color one side only, place the sheet on your window with the colored side facing outdoors to produce a crisp black outline.

A mythical creature said to prefer living alone in deep forests, the unicorn is a horse-like animal identified by a single horn in the middle of its forehead. These noble beasts with magical powers are featured in this collection of sixteen charming, ready-to-color illustrations.

Full-page drawings depict a unicorn ridden by a fairy princess, embraced by an enormous sea creature, at rest on the grounds of a medieval castle, afloat above the moon and stars, and in twelve other beguiling scenes.

Portraits of this legendary quadruped will glow with life when colored with crayons, paints, or other media and placed in a window or other source of bright light.

Original Dover (2004) publication. 16 black-and-white illustrations printed on translucent paper. 2 color illustrations on covers. 8¼ x 10½. Paperbound.
